

Waste watch col St Hd

Saturdays are still busy at the transfer station. We managed to fill one 50-yard trash can and almost fill the 45-yard can. We topped off a half-full 50-yard cardboard can and another 50-yard can. We have signs asking folks to break down boxes and it's getting better. We can get a lot more cardboard shipped by breaking down boxes.

The yard now has a coating of snow. We have salted and sanded but people should still watch their footing. If you see any areas that need attention, please let us know.

We will close at noon on Saturday, Dec. 24 so we can be with our families on Christmas Eve. We will be opened for business as usual Tuesday, Dec. 27.

Happy holidays.

John Arsenault
